How ordering works

1. Send a photo or drawing with rough sizes — we return a first estimate within 48 hours.
2. We confirm the firm price, specification and lead time with the factory in writing.
3. Production with piece-by-piece inspection; photos and video of your actual goods before loading.

Mixed-container loads across categories are welcome. Custom worktables, sink benches and shelving are fabricated to buyer drawings by our partner factory in Jiangmen.
